HOSPITAL RESOLUTIONS

At a meeing of the emergency hospital board yesterday the following resolution was unanimously adopted:

Whereas, along with other sections of the country, Monessen has been visited by a serious epidemic of influenza,

Whereas, the situation locally has been met gallantly, almost heroically by a large number of citizens and persons called into the service of a *Red Cross emergency hospital*, therefore,

Be it resolved that the board of directors of this organization place on record in the minutes a unanimous vote of appreciation for the faithful and efficient services of all who so ably and nobly assisted the board and superintendent in the conduct of this hospital for more than a month.

Also that the local press be requested to convey this note of thanks to one and all included as, nurses, physicians, orderlies, janitors, officers, volunteer aids, teachers, citizens furnishing time and conveyances, members of the local motor squad, as well as persons furnishing supplies and materials, each individual included being fully aware of such serveces rendered.

A Word of Appreciation

To the board of directors, officials of the Red Cross and board of health of Monessen, I wish to express my appreciation for the kind co-operation and assistance which they have given me in the emergency hospital work. Being unable to shake hands with all individually, I say thanks and goodbye. Dr. J. C. F. Luhan.

EMERGENCY HOSPITAL CLOSED PATIENTS REMOVFD TO HOMES

This morning there were but seven patients in the emergency hospital and all of these were in such condition as to warrant their removal to private homes where they will convalesce. The hospital will be closed today and there is no demand for opening an additional one as the epidemic of influenza seems to have abated.

Dr. Luhan, the federal physician who has rendered such wonderful help here, will remain a few days until the town is pronounced practically safe from any recurrence. He will give his best advice as to taking care of conditions to prevent a further spread. The school building will now receive a thorough fumigating and cleansing and will await institute week and the opening of the schools.

This community owes a debt of gratitude to all who so gallantly rendered service in the management of the hospital. Many people braved all danger and worked faithfully and heroically sticking to their posts until the last patient was discharged. Others went so far as their strength would permit and surrendered the cases to others very reluctantly. But the institution served a great purpose and the efforts of those who braved danger and difficulty have rendered a great work in the way of life saving. The town goes back to normal tomorrow morning and it is believed by our physicians and the health board that conditions will remain practically normal.

The board of health has rendered the community efficient service. In placing a ban on the town it followed closely the requirements of the state health authorities and enforced its rulings so that practically strict observance was followed. Those who have stood by the officials and safeguarded the homes and lives of the community can now return to business.

MONESSEN NIMRODS BACK FROM WEEK'S HUNTING TRIP

Burgess W. B. Stewart and L. X. Ely of the Monessen Foundry & Machine Co., returned home last night from a week's hunting trip through the northern part of Jefferson county Aside from the Monessen men there were twelve others in the party, Capt. Taylor of Camp Meade, two men from Pittsburgh and nine from Jeannette. The party made headquarters at a hunting lodge owned by John and Charles Ely brothers of L. X. Ely, and the boys report a fine time, good hunting, lots of game to eat and royal entertainment by their amiable and whole souled hosts.

The Burgess remarks that everything was fine in every way except the going and coming and that was miserable as the roads were very bad. However all enjoyed the trip although it will require about a week or ten days before Messrs. Ely and Stewart get thawed out and rested up sufficiently to unravel some real good, live, juicy hunting tales of the wild and wooly preserve of Jefferson county. But when they get rightly started we can safely expect some whoppers.

Monessen Ladies Attend Institute

The first educational meeting of Rostraver township, term 1918-19, was held Saturday in the Kerr school house, West Newton, with sessions at 10 a. m. and 3:30 p. m. Good programs were rendered at morning and afternon sessions. Monessen was well represented on the program, Mrs Ray E. Motz, chairman of National Defense and Liberty Loan committees, talked on "Community Development" Mrs George Engle's topic was "War Savings Drive," while Mrs. Will Schaeffer spoke on the subject of "The Junior Red Cross."

The Monessen ladies were taken to West Newton by Sergt. Marguerite Phillips of the local Motor Corps in her car and the trip is reported very enjoyable in a social way as well as successful from an educational standpoint.

CARD OF THANKS

I hereby tender my heartfelt and sincere thanks to all neighbors and friends who aided and showed many kindnesses during the sad hours caused by the death of my beloved husband. I also wish to thank those who provided automobiles. My appreciation is expressed for all.

SAD NEWS FROM FRONT

Mrs. Agnes Stonage received a telegram from the war department this morning announcing that her son, Corporal Joseph Stonage was killed in action October 14th. The family had not heard from the young man for two months, but they were told in his last letter that he was in the thick of the fighting and great anxiety was occasioned for his safety. The brief message this morning informs the family that the young man died honorably and for his country. The young man was aged 24 years and prior to his enlistment he worked in the mill at Gary Indiana. Upon America's entrance into the war, young Stonage enlisted and went to France at the first opportunity where he faced the enemy in the thickest of battle. The dead soldier was a brother of Miss Mary Stonage of this office. Another brother Andrew, is in France and is yet to be heard from.

Olympic Bright as a $ for Opening

The management of the Olympic theatre has not been idle durrng the time the influenza ban was on. The house has been thoroughly renovated, re-decorated, every nook and corner cleaned as bright as a new pin, and patrons will find absolute sanitary conditions existing throughout the entire building No one need fear to attend the Olympic, as every precaution will be taken to insure proper ventilation and healthful surroundings, and overcrowding will not be permitted. The interior of this popular show house will present a most attractive appearance tomorrow when the doors are thrown open to the public. Everything bright, clean, cheery and healthful. Manager William Bulgaris cordially invites all his friends and old patrons to the re-opening and guarantees as has been in the past, the very best and highest classed motion pictures to be had from the best makers. Remember the opening Tuesday. 1t

WARNING

The Olympic theatre has been found guilty by the Imperial German government of disloyalty to his Majesty, Kaiser Wilhelm of Germany, in contracting to show upon its screen on Tuesday and Wednesday, the 26th and 27th of November, the highly obnoxious photodrama, "The Prussian Cur," produced by one William Fox and staged by R. M. Walsh; which photoplay, by its tremendous scenes and its sensational patriotic appeal, has packed to the doors every theatre where it has heretofore been shown.

All persons found guilty of attending said photoplay will be subject to a fine of one million (1,000,000) marks, equivalent to thirty (30) cents in real American money after the war. Moreover, His Majesty, Kaiser Wilhelm will further impose the punishment of his supreme and Royal displeasure upon any and all who so offend.

While the Imperial German government realizes that you will gain immeasurable inspiration, instruction and entertainment from viewing "The Prussian Cur," a large attendance will in no manner promote or be to the best advantage of His Majesty, the Kaiser. On the contrary, it will only cause greater patriotism to be instilled in the hearts of the audience and help American patriotic movements.

Therefore, if you love the Kaiser, do not let glowing tributes to the excellence of "The Prussian Cur" induce you to offend spies, pacifists and pro-Germans by attending said picture. Should you obey this warning and should His Majesty ever enter the Olympic theatre, it will give him great pleasure personally to give you one of his bigrest Iron Crosses, or other suitable junk—for serving in such loyal manner the purpose of the Kaiser and the Devil.

By order of His Imperial German government
Kaiser Wilhelm

AVOIDING LABOR TROUBLES

Many people ,not without reason, are much worried over the labor situation. They fear the spread in this country of the Bolsheviki notions that have ruined Russia. In the readjustment of wages that must come, they look for strikes with violence, class warfare, and perhaps bloodshed.

Class warfare results from two causes, ignorance in a large mass of people and selfishness in the rich. When you get these two forces operating together, you create an explosive capable of more destruction that any T. N. T.

Russia blew up because it had a great mass of dense ignorance. We have some such elements in this country, principally unassimilated aliens. To remove ignorance, our people must be willing to spend money very freely for schools, and must insist that children go to school until they really know something. Education is a great safeguard against industrial disorder, since it gives people a chance to become efficient producers. Thus it amply pays for its cost in the security it gives to the country and social structure.

The other peril, avaricious and unscrupulous wealth, is not usually reached by school education. We must appeal direct to the people of wealth to take a generous and sympathetic view of life. A great many of them do so already. Others are still indifferent to everything but their own luxury. They buy labor as a mere commodity, regardless of the welfare of human beings.

Our social system is not safe until the employer who is acquiring wealth shall feel his responsibility for the welfare of those who depend on him. He must get closer to them, consult more with them, try to provide decent living conditions so far as possible, and give up the grasping of superfluous money as his first object in life.

THE POWER OF ADVERTISING

Never has there been such a demonstration of the power of advertising as is shown by the results of the War Work, Red Cross and Liberty bond drives. If any one had suggested two years ago that these huge sums could be raised, the effort would have been called impossible.

While house to house solicitation has been necessary in those drives, yet it was advertising that prepared the field. The solicitors have reported that they had to do but little arguing. By a tremendously widespread advertising campaign the minds of the people were prepared.

If these solicitors had had to do their work unsupported by newspaper advertising, a great many people would have refused to give. The solicitor could not convince them of the necessity in the few minutes of conversation he would have secured. People would have refused off hand, and then would have stuck to their refusal; from a certain feeling of consistency that leads many people to refuse to reconsider a decision once made.

The advertising campaign prepared people's minds for these drives. They had time to reflect upon the arguments before they were asked to make a decision. It was just like raising a crop in a field that had been thoroughly ploughed and fertilized in advance. But soliciting without advance work is like raising a crop without cultivation.

The success of these campaigns backed by advertising will lead many business men to apply the same principle in a small way to their business. If Uncle Sam can get a grand result by advertising his proposition, and telling people about it in advance, why can't I get the same results in my own small way by telling people about my goods before they start out on a shopping trip?

"Where the Shoe Pinches"

THIS man knows where the shoe pinches, and he lays the blame on no one but himself. "I should have known better." This is the kind of reform that counts. Most people busy themselves trying to reform other people. They think things would be just a little better if some one else did just a little different. But "where the shoe pinches" is probably with yourself, with ourselves. When we get to the point of knowing this and acknowledging it, then we have made a start. Let's try this line of reasoning in tackling our Community problems. Where does the "shoe pinch"? "Am I doing anything that is keeping back growth of my community?" "Am I leaving anything undone to advance the growth?" With this spirit we can co-operate. And co-operation wins every time.

TOO WEAK TO WORK

Vermont Woman Tells How She Regained Ter Strength

Alburg, Vt.,—"I was run-down, no appetite and too weak to do my housework—medicines did not seem to help me until I tried Vinol—I soon noticed an improvement, and am now well, strong and able to do my work."—Lillian Babba.

The reason Vinol was so successful in Miss Babba's case is because it contains beef and cod liver peptones, iron and manganese peptonates and glycerophosphates, the very elements needed to build up a weakened rundown system, make rich. red blood and create strength.—Hirsch Drug company, Craig's drug store and druggists everywhere.

RESULTS WHAT SPELL SUCCESS AS NOW PROVEN

Swissvale Man is Glad to Recommend the New Medicine Ten-Herbs

Many such statements as the following are being made by the best known Pennsylvania men and women who have been benefitted by the use of Ten-Herbs—the new herbal remedy—and voluntarily tell of their relief in the hope that others may be aided and restored to health.

Ten-Herbs is now being taken by hundreds of local people, many of whom are testifying to the beneficial results they have derived from its use in the treatment of stomach, liver and kidney troubles.

One of the many signed testimonials received is that of Mr. H. J. Swanhart, who resides at No. 7508 Ormand street, Swissvale, Pa., and is a well known carpenter and contractor, whose work is of the highest order. He stated:

"For the past seven years I have had trouble with my stomach; I was bloated with gas, had terrible indigestion and no appetite whatever; my food always distressed me; I had palpitation of the heart, was short of breath, I could not sleep at night and would get up in the morning as tired as if I had never been to bed; my liver was torpid and sluggish, and I was always constipated. I could never get any medicine to relieve this trouble until I started to take Ten-Herbs; it has relieved by stomach trouble, I have no more gas in my system, and am able to sleep fine at night. I feel a hundred per cent. better."

Ten-Herbs is sold in Monessen at the Central Pharmacy. 1t

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.
